AFA2 (2) is the second reiteration of the inaugural edition held last year in Bari on a popular downtown beach. The project consists of a beach towels' show, exclusively designed by 25 international artists, that will be on sale as unique pieces, to support 63rd-77th STEPS' exhibition program.

Afa is the Italian term for mugginess, an exhausting weather condition that is explored as a subtle metaphor of our social, political and artistic scenario and turned by the artists invited into black & white artworks, digitally printed on microfiber.

The show will open on Friday 26th August 2016, from 9 to 12 pm, on Mama Beach, as part of the 10th Anniversary Party of Art-0-Rama. From the following day it will be on view within the art fair.

63rd-77th STEPS - Art Project Staircase - is a no profit space for contemporary art founded and run by the artist Fabio Santacroce.

The name refers to the final part of a multi-floor staircase (the area between the 63rd and the 77th step) inside a building from the beginning of the XX century in Bari (Italy). 63rd-77th STEPS hosted site-specific exhibitions and now curates off site and online projects.
