art project staircase

63rd-77th STEPS is a project space for contemporary art run by the artist Fabio Santacroce. The name refers to the final part of a multi-floor staircase (the area between the 63rd and the 77th step) inside a residential building from the beginning of the XX century in "Quartiere Libertà", a popular and multicultural district in Bari (Italy).

Due to space limitations and the domestic nature of the location, the exhibition will mainly be online or open by appointment only. www.63rd77thsteps.com - www.facebook.com/63rd77thSTEPS
